Increased Player Awareness: You can now build a more dynamic and representative sport simulation by accurately representing the way players move and behave in real life. Change the direction you head with the ball or make a run on goal with greater fluidity. More responsive controls will keep you in control as the ball moves at speed around the pitch. Upgraded Player Physics and Graphics: Use sharp new physics to make short passes, dribbles and shot attempts more convincing. Watch how the ball rolls realistically off a foot and interact with the ground. Advanced Player Visuals: Stand out from the crowd by authentically replicating the clothes and the physical traits of your top players. Tactical animations set-pieces, throw-ins and free-kicks to life on the pitch. Improved Player Trajectory: The ball will behave in real-life in more realistic ways and receive better treatment from your player's reactions, tackle attempts and movement. New Goalkeeper AI: The game will be easier to control with improved goalkeeper AI. Improved goalkeepers now jump higher, spring back faster after a shot and react to missed shots. Live Passes: More accurate, more realistic passes will occur naturally. Receive the ball with more control and more fluidity. Creation Suite: Build a more accurate squad with more realistic player traits and in-game effects. Assign more player attributes and develop your side through coaching. Bring your team to life with movement, style and colour. Upgraded Passing: Watch defenders react realistically as they attempt to cut out a pass. Adjust your passing angles more easily with improved support lines. Advanced Tactics: Real-life play will feel more dynamic and intense. Test a new attack, defensive strategy or score

goal against a specific opponent’s team. Improved Player Impact: Vary your attack and defense to make plays stick, from back post dribbles to unstoppable runs down the wings. See your player's collisions and how players react to each other. Faster Match: New match engine has been developed to speed up the game even more, create more realistic player patterns and more realistic ball movement. Fifa 22 Features Key:

- Real-life game engine and camera captured from FIFA World Cup™ players.
- Career Mode features from FIFA World Cup™ like Ultimate Team, online game vs. game, and FIFA Ultimate League seasons.
- A brand new set of gameplay features focusing on improving the tools available to players through new controls, new animations, and a new ball physics model.
- Prepare for life on the pitch as you return to the context-sensitive pitch functions, blueprint teams and sprints of previous FIFA titles.
- Player Physical Kit Ratings take account of real-life traits like pace, strength and change of direction. You can better understand the physical demands of a specific player, and find realistic heights, weights and fat percentages of each player.
- Scoreboards and on-field graphics are the most detailed ever, with more detailed scoresheets, crowd audio, and improved stadium viewer. Top players on the pitch will have distinct banner effects as well as pitch textures, and you can even ask Lionel Messi to sign your shirt!
- Re-formed player performance ratings for more accurate performances over the course of a season. In-depth performance sessions add greater re-action potential at the press of the button.
- Brand-new in-game tutorials complete with audio and subtitles, letting new players pick up the controls easily. Furthermore, the Suiting up section with its brand-new in-depth tutorial with spoken commentary and detailed step-by-step instructions, gives players a more realistic first steps.
- Specialist camera modes are a first in the series and deliver unique footage of football past, present and football in the future in several ways. With a combination of gyro- and accelerometer data, the player can perform vignette-like movements and view rapidly changing, previously unseen angles. WarPigs is a unique camera view focusing on Brazilian football and how the game is played there. You will see it in its entirety in Brazil where GALLERY FESTIVAL is the theme of FIFA World Cup™ ’22. To complement your viewing experience, users are able to explore a high-res recreation of SÃ£o Paulo.
- FIFA World Cup™ included in every box of the official FIFA Soccer and FIFA Soccer 06 of the last two decades.
- The FIFA World Player Index
