REUTERS/Jo Yong-Hak/File Photo Kim Yong-chol's appointment is the first indication that the North is serious about improving relations with the South, which have been frozen since the two countries' last summit in 2000. The North's official KCNA news agency on Wednesday said Kim Yong-chol had been appointed as a special representative to help with bilateral talks with the South. Kim Yong-chol spent 20 years in charge of the military's Reconnaissance General Bureau, where he allegedly supervised the 2012 assassination of South Korea's president, Park Geun-hye. Kim Yong-chol's trip was announced alongside the launch of Kim Yo-jong, the sister of North Korea's leader Kim Jong-un, as vice chairwoman of the ruling party's central committee. KCNA on Thursday carried an interview with Kim Yo-jong in which she said she would play a leading role in improving inter-Korean relations. She also said the 2018 Winter Olympics in Pyeongchang would be "a good opportunity" to improve relations. North Korea observers are viewing her presence in the South as a significant sign of the North's willingness to engage in a dialogue with Seoul and to seek new sources of support to counter U.S.-led international sanctions. On Friday, Kim Yong-chol was scheduled to meet with South Korean Unification Minister Cho Myung-gyon, who is also due to meet North Korea's chief delegate to the six-party talks, Kim Yong-chol's brother Kim Jong-chol. I have an 87 525i and my idle in cold weather is way lower than when it warms up. I run it in cold weather on all days and the idle is fine during warm weather. It's been a \$2000+ fix so far and I'm having difficulty locating the problem. Is there something I can do to upgrade the cooling? Are there any upgrades I can do without having to call a professional? Any help would be greatly appreciated. same here has 120k miles good seal is what I bought from the local BMW mechanic and found some rust in the sealing where you turn the key at start. fuser cable has a small spot on it where the rubber is blown off

good seal and the boat is good just don't know what is their story and cost. make sure you take it for a drive at 0 and 180 degrees it will tell if any issue. If you can't find a replacement seal and / or fuser cable, replace 3e33713323
