I want to count how many times the problem type is "NO". My query: SELECT COUNT(*) FROM Table WHERE Problem_Type='NO' Is this correct? A: I would change your query to: SELECT count(*) from Table WHERE Problem_Type like '%NO%' Because the WHERE clause won't restrict the rows based on the condition. The Ugly Truth (album) The Ugly Truth is an album by New Zealand singer songwriter Dave Dobbyn, released in December 2015 on the German record label Hanging Lamp. Dobbyn began working on the album in 2013. The album is the follow-up to his 2012 release Either Side of the Moon. Tandberg T22 HD is a Free Single Radio Receiver, support many functions such as auto scan, Tandberg channel, B2B(Direct to B2B) and.Q: Passing pointer to array to free() c++ When you invoke free() on an array, the function uses the array value as the number of pointers to be freed; however, when you pass a pointer to an array to free(), then the function invokes the free() on the pointed array. How does it work? A: When you pass an array to

`free()`, its elements don't simply become dangling pointers like `free()` expects. Instead, the array is treated as a pointer to the first element, so you can free all of the elements one-by-one by calling `free(arr)`. When you pass a pointer to an array to `free()`, its elements don't become dangling pointers like `free()` expects. Instead, the array is treated as a pointer to the first element, so
