Just Cause 2 v1.0.0.2 Trainer download: Fix missing Impostor icon. Trainers for the game Just Cause 2 v1.0.0.2. Just Cause 2 just cause 2 update patch 1.0.0.2 fixed was posted by the [TIP-Z] Channel. I've been lurking around here for a while now (mostly watching videos) and finally have a question. About the video I've watched the other night, the pre-order is fixed in the game as of this morning, so I've been messing with it for a bit. But I noticed that whenever you press any key to activate the weapon or equipment, the indicator light does not go on. Is this a bug or did I miss something? Is there any documentation about the Japanese localization or what they used? Any help is appreciated. The game is already installed, no patches are installed or anything. Update: Reinstalling with patch 1.0.0.2 fixed the problem and activated the necessary scripts. So some kind of problem with this patch. I have. There is one minor bug which I fixed in the trainer-version. There are. I find them often when the backpacks are equipped. Update 2: Solved the problem by placing the trainers in the patch 1.0.0.2 folders (not the VC folder). The script with the trainer is now deactivated. I hope that a lot of people can now download the trainer and are no longer affected by the this issue. Thanks to all participants! FATAL ERROR: Can not find DLL file "ge_pe_cm_ge_pe_cm.dll" or one of its dependencies. If the file is in a valid game directory it may be incorrectly spelled "ge_pe_cm_ge_pe_cm.dll". Please refer to the System Requirements of Just Cause 2 and the installation instructions for your operating system. Fatal error during game initialization. Please try a different game mode or install a new copy of the game and install this patch later. Fatal error in "Fluid Zone Map". Update 3: I have the same problem as already described in
