Based on a prototype, Type Knight is a procedurally generated story in which you go through a maze as fast as you can. Quick-play and rich replayability allows you to discover each in-game secret several times. Type Knight sets itself apart from other typing games thanks to its unique graphical design and atmospheric music. Fog, lightning, wind and rain contribute to the game atmosphere. Original cutscene screens let you know what is going on in the city. You must type as fast as you can in order to survive! Move the keyboard down in order to dodge enemies, avoid dangers and type faster. ### **What's new:**

**GameplayOverview** If you love getting into the role of one of the characters, this is definitely the game for you. Rise up and join the fighting men of the Northern Kingdom in one of the most spectacular role playing games of 2004! The thrill of combat, the excitement of exploring exciting landscapes and the friendship of companion characters are just some of the reasons for players choosing a life in the wild. In the North, the kingdom of Vlka has fallen, and only those brave enough to undertake the journey can restore peace. The only way to reach the capital is by crossing icy streams, mountain passes and unknown terrain. It's up to you to lead your companions on these heroic adventures, or face the perils that await at each turn. The North is waiting for you, are you ready to free the captives of Vlka and rebuild your crumbling nation? Features An expanded role playing experience - in addition to choosing the role of one of the characters, players now have the option to enjoy the game both as the hero and the outlaw. Discover medieval Northland, through the eyes of those who live there - you can choose between a number of characters with different personality traits, and the game scenery changes according to what kind of character you are. Level

15 and all characters for free, while the included items, the bonus quests and the minigames can only be used by owners of the game. Whistlings, barks, wolves howling in the distance, and brave adventurers roaming the hills and lands, you will surely hear the distant sounds of the North. There are others who know the way there, but they willingly stay in the safety of the village: the refugees. With your own caravans, you may decide how many should be granted to you, as well as how much food and other items should be transported. Let no one have to suffer in a foreign land and help them on their way to their journey's destination. Help them survive until everything is okay. Another path of seeking freedom is known as "Outlawry". Those adventurers with a malicious and no mercy attitude may find themselves on their way to you if they get too much involved in fighting with others. There may be problems, but it is your choice whether you want to shoulder these problems or accept some help from a friend, but only if that's what you want to do.
