These are but a few of the local restaurants that have made San Jose Malate a distinct hub in the foodie world. People come from all over the world to see and eat here, and according to the local folks, the food has changed since a savvy chef named Nicanor Escalante opened his El Pinar restaurant to rave reviews in 1983. Escalante may have long since retired, but he is still synonymous with fine dining in Costa Rica. And chef Arnaldo Marroquin, owner of Isolina Restaurante, one of the citys first, is doing likewise. For the San Jose crowd, Escalantes timeless dishes, which have now become classics, remain a touchstone. Marroquin, who trained as a cook under Escalante, has turned out his own version of those

dishes. He is raising the bar on Costa Rica, elevating to new heights such restaurant concepts as tricycle cuisine, which uses the pedal-powered kitchen that was invented by Guamanians, Costa Ricas version of roving food trucks. On the other hand, La Marouse is one of only a handful of contemporary gastronomic spots in Costa Rica and it's off the beaten path in a highly populated, touristy area. When you travel, the 21st century ideal of gastronomic generosity may not always take you there, but instead in the hands of local talent, youre likely to find something that will prove memorable and exciting. Travelling great distances to the workplace, working two jobs, physical and psychological fatigue all reduce the time devoted to the family.[635] Situations of unemployment have material and

spiritual repercussions on families, just as tensions and family crises have negative influences on attitudes and productivity in the area of work.
