Ended Season still has 24 downloadable In-Match Moments from the current season. These are accessed through the Online Store and a new selection of cards have been added that you can unlock by completing various challenges. These Challenges can be a fun way to collect points and win exclusive content. Try to activate all the challenges and win exclusive items, such as extra tickets to the Team of the Week Matches, as well as a weekly FIFA Player of the Week award. New, more detailed cards are also a fun way to display your playstyle and add more items to your collection. Note: Some modes require online connectivity (e.g. challenges, ultimate team, and seasons). Servers will not be open forever. The FIFA 11 servers closed in Jan 2013. This means that the FIFA 14 servers could close in Jan 2016. Once servers are closed the sections requiring online connectivity will not be playable. The good news though is that by then a new FIFA will be out for you to play. Lock the best emerging technologies in the industry. And check out the latest innovations, trends, and customer solutions at NewBay. And last year was an unprecedented five-year run of titles. The depth of football has increased. The speed of play has increased. Our players are better, our stadiums are better, our teams are better, and our digital engagement is better. Last year we created and deployed a game-changing FIFA Ultimate Team 18 campaign that let players earn rewards and unlock rare assets every month. Now with our new Ultimate Team 16, we're delivering premium top-line content year-round. Also, we've made a goal of putting content out sooner and earlier in a given year. So instead of launching two months after the players' season concludes, we'll have content on the shelf waiting for them right when they get back on the field.
