one night at flumpty's 2 is one of the best games that we have reviewed in 2017. it's a combination of a point and click and a hide and seek game. the gameplay in one night at flumpty's 2 is very different from the previous game. unlike the previous game, there are no doors, but rather a light switch to turn off the light if any characters are to come near the office. the player must monitor the characters with the cameras, and if they come close to the office, turn off the light to prevent the characters from seeing you. failure to do so will fill up the exposure meter. if the bar reaches 100%, the player gets killed with a jumpscare of the character that raised the exposure bar to full. in addition to this, there is a new threat: the owl. as owls can see in the dark, turning off the lights in the room will be ineffective and will do absolutely nothing. instead, there are two vents with doors that the owl comes out of. you must close the vent that it is currently going through to block it and survive. if you don't check the vent that the owl is going through and it is the sealed one, you will get extra time until the owl will be back on the urinal in cam 3. to confuse opponents, you need to turn off the light and wait for them to go to another room. if the enemies stare in the dark in your direction for a long time, then the exposure indicator will slowly fill up. the office where one night at flumpty's 2 takes place has two ventilation shafts that can be closed. however, only one shaft can be closed at a time.. one night at flumpty's 2 - continuation of the original story and

at the same time a parody of the famous five nights at freddy's franchise. the gameplay of the sequel has changed significantly since the previous game. at the center of the story is flumpty, who kidnaps the protagonist in order to play one cruel game with him. the main innovation is the exposure indicator, presented in the form of a scale. the bar fills up gradually if the protagonist interacts with enemies. if you bring it to the end, then the opponents immediately figure out the hero and kill. 5ec8ef588b
