To plug any bugs in Lightroom, we started error reporting for the new project in October, and Adobe let us know of any reported issues as soon as they're discovered, which makes it feel like we're continually working with the team. Neither my copy of Photoshop CS6 Extended has a license key on it. Instead, the printer shows a serial number that once I enter it into the site it unlocks the program and lets me use the program for unrated testing. Adobe CC 2019 is the third premium Creative Cloud product to be upgraded to a new version in little over a year. It's main differences are AI-driven improvements in smart tools like Content-Aware Fill and the new equalizer tool. Due to popular demand and a lack of new features, we're reducing the price of the plug-in by \$20. The price will be lowered by \$20 and it's available to single-user download and for Adobe Creative Cloud members. There are some interactions with the new version that Adobe did for testing purposes. During the upgrade to both Photoshop CC 2019 and Lightroom 6 Ultimate, Photoshop functions in a different way and I ended up missing some Photoshop actions or, in the case of Lightroom, the ability to share to Camera Raw. I didn't experience any other issues related to the new update, though. To be honest, I'm not a Photoshop user. I've had minor troubles when upgrading to the last couple of operating-system releases, but as soon as I become a Windows user, all I can think about is "how do I migrate my old photo library?"
